

Delaila Y. Garcia  
9059 SW 133<sup>rd</sup>. Ct.,  
Miami, Fl. 33186

To whom it may concern:

Delaila Garcia, who has been one of the many Technology Production students to have come through my program, has been an absolute asset to the program. I have had the pleasure of having her in program for over 5 years and I have personally watched her dedication and skill set progress through the years. She is extremely detail oriented and consistently reaches out to challenge herself to new and more difficult tasks in the digital design class setting.

Her focus has been on digital design using the main applications within the Adobe Creative Suite to build and create many designs that the school has used in various formats. She has multiple industry certifications and continues to complete more certifications prior to the closing of her senior year. I would not hesitate to count on her skill set to tackle any challenge given to her. She has shown me the perseverance and determination to be a team player and works well with varying levels of skills. She has mentored many students in application usage and design.

I would whole heartedly recommend Delaila Y. Garcia to become part of a school and/or program that focuses on industry specific digital design and computer graphics in the media rich world we currently are a part of. If you have any questions, please contact me by phone at 305 926-2937 or by email at [mpate@dadeschools.net](mailto:mpate@dadeschools.net) or [mpate@mdc.edu](mailto:mpate@mdc.edu). Thank you for time in considering her as a candidate for your program. I look forward to seeing her become the talent she so dreams about and has proven to me as her instructor here at Miami Arts Studio 6-12.

Sincerely,

Mr. Matthew Pate, M.S.
